SANTA'S AMAZING WORKSHOP

FINEST IN CHILDREN'S TOYS!

Hi-Ya Kids,

You'll notice this year we only have a few steel toys shown in the book, but if there's something particular that you want, like a wagon, or scooter or somethin', why, go down to your Billy and Ruth Dealer and tell him about it. Maybe he'll have some. But if he doesn't, don't feel badly . . . just remember that it takes quite a while for a country to get reconverted, (that's a word Dad often uses and means get back to making peace time toys) but we hope that next year we will have lots of them again.

Please Note . . .

This is a syndicated publication used by merchants throughout the Country. The retail prices shown herein are suggested retail prices only and may vary somewhat in different sections of the country.

See your local Billy & Ruth Headquarters store for prices prevailing in your locality
