

SKI-HI AERIAL ROCKET

*Just the Thing for Spring
And Summer Sales*

Toss it into the air. Watch it strike the pavement and soar twenty, thirty or more feet skyward! An ordinary pistol cap provides the motive power!

The patented safety construction does not permit flight in any other direction but straight upward.

Each SKI-HI ROCKET is boxed in an individual colorful container. Packed in units of four dozen. A three-color counter display card is included with every four dozen.

Standard Package: 3 gross. Weight: 45 lbs.

SEPTEMBER, 1942—PLAYTHINGS

We will appreciate your courtesy in mentioning PLAYTHINGS.

Ring in the Victory— Ring out the Axis!

That is what we are working for today.

Hill Bells are ringing in ships and on land—doing their bit toward winning the war.

Although our manufacturing facilities are being utilized for war work a large part of every month, in between war orders we are doing our best to fill toy orders now on hand. We wish to extend sincere thanks to our customers for their patience and understanding.

IN STYLE THEN...

... IN STYLE NOW

1889-1945

Hill Toys were right in style way back in the "good old days" — and they are right in style today. We have had 56 years of experience in making good bells and good toys. Today we are delivering as many Hill Toys as possible without interfering with war work. After Victory we will make more and better toys than ever — in the style of tomorrow.
